Subject: Deficient Notice of Intention to Commence Small Mining Operations, Reynolds Sand & Gravel LLC, Camp William Pit 3 Mine, S/035/0044, Salt Lake County, Utah

Dear Mr. Reynolds:

The Division has reviewed the referenced Notice of Intention to Commence Small Mining Operations (NOI), and the following items will need to be addressed before the NOI can be determined complete:

1. Map C-1. The area shown on Map C-1 for the 5-acre mining area is shown as 10 acres. Please either modify the map and resubmit a new map with a 5-acre disturbance or submit a Notice of Intention to Commence Large Mining Operations.
2. Map C-3. The Division prefers stone check dams for sediment control. The other suggested methods on map C-3 may also be used when appropriate and properly installed. Erosion control is the responsibility of the operator.

Please provide your response as replacement pages to your original NOI, using Form MR-REV-SMO/EXP, available on the Division's web site at www.ogm.utah.gov

If you have any questions regarding this letter, please call me at 801-538-5261 or Leslie Heppler at 801-538-5257. In reply, please refer to file number S/035/0044. Thank you for your cooperation.

Sincerely,

Paul B. Baker
Minerals Program Manager
